

Frontline Announces Issuance of Shares for Debt Settlement

TSX-V: FGC

For Immediate Release

Toronto, Ontario – (May 12, 2022) – Frontline Gold Corporation (TSX-V:FGC) (“Frontline” or the “Company”) announced today that it has entered into an agreement to settle \$260,553.87 of debt owed to Merrex Gold Inc., a 100% subsidiary of IAMGOLD Corporation, in consideration for the issuance of 4,000,000 common shares of the Company at a deemed price of \$0.0651384675 per share.

The debt accrued pursuant to exploration work provided by Merrex before 2014.

No new control person of the Company will be created pursuant to the Debt Obligation Settlement.

The directors of the Company have approved the debt settlement that is subject to TSX Venture Exchange (“TSXV”) approval. Closing of the Debt Obligation settlement will occur immediately following approval from TSXV.

All securities issued pursuant to the above-referenced debt obligation settlement are subject to a statutory four month hold-period and regulatory approval.

About Frontline Gold Corporation

Frontline is a Canadian junior mineral exploration company. The Company's core properties include the Crooked Pine Gold Project (Ontario), Copperlode Project (Ontario), the Flint Lake and Kakagi Lake Gold Project (Ontario), and the Route 109 Gold Project and the NE Bachelor Lake Gold Project which are both in the Abitibi Region of Quebec, and the Menderes gold project in the Izmir province of Western Turkey. Other Canadian exploration properties include other gold property groups in Ontario and include the Whitehorse Island Mining Patents.

Frontline continues to actively seek projects, and additional investor/partner(s) in order to continue to build upon its properties and net smelter return royalties.

This news release contains forward-looking statements, which address future events and conditions, which are subject to various risks and uncertainties. The Company's actual results, programs and financial position could differ materially from those anticipated in such forward-looking statements as a result of numerous factors, some of which may be beyond the Company's control. These factors include: the availability of funds; the timing and content of work programs; results of exploration activities and development of mineral properties, the interpretation of drilling results and other geological data, the uncertainties of resource and reserve estimations, receipt and security of mineral property titles; project cost overruns or unanticipated costs and expenses, fluctuations in metal prices; currency fluctuations; and general market and industry conditions.

Forward-looking statements are based on the expectations and opinions of the Company's management on the date the statements are made. The assumptions used in the preparation of such statements, although considered reasonable at the time of preparation, may prove to be imprecise and, as such, undue reliance should not be placed on forward-looking statements.
